_HASHEM_CONSIDERATION: “I will give this house to my daughter in return for her "love and affection."_intense_love_of_hashem_’

Deorayta enjoins us to recite
Derabbanan blessings
beinoni arouses his love of G-d through meditation, his animal soul is inactive, and he feels no inclination for physical pleasures.
beinoni’s divine soul is his “undisputed sovereign,”

when the love of G-d burns in the heart of the beinoni, the evil in the left part of his heart (the animal soul’s principal area of manifestation) is subjected to and is nullified before the goodness (i.e., the love of G-d) that spreads into the right part of the heart, where the divine soul is manifest, from the ChaBaD faculties in the brain which are bound [in meditation] to the greatness of the blessed Ein Sof.
